Intercultural Community Intervention
Project

INTERCULTURALISM AND SOCIAL COHESION

STAKEHOLDERS

The first three years of the Project (2010-2013) have promoted:

- The creation and establishment of **workspaces** where professionals coordinate and share the actions that take place in the intervention area
- The development of **17 participatory researches** in order to emphasize the main issues and priority needs in the area of intervention
- That local authorities, professionals and citizens defined **17 Community Action Schedules** to identify actions that improve conviviality and social cohesion
- **14 Spanish municipalities** signed the first **Living together Charter for Conviviality**
