

INSTRUCTIONS:

1. **Fill in the form** in accordance with the maximum number of characters allowed (when indicated) - spaces included - and do not delete any box;
2. In the BUDGET SECTION you can insert or delete lines based on the needs. Attach specific quotations at the end of the file only in case they are in English, otherwise upload them as separate attachment (categoria "preventivi");
3. Please upload the file as PDF;
4. Save the project as: PROJECTCODE_PROJECT_Surname e.g. 2024-xxxx_PROJECT_Rossi
5. **Delete** this box;

Safe territories 2024 – Project

Project title

Principal Investigator head unit (name, surname, organization and position)

Project duration

(months)

Executive Summary

Summarize key themes, aims and the methods of the project

(maximum 5000 characters)

Scientific background

Provide an overview of the academic debate and the specific needs of the territories. Describe the current situation in which the project fits, also in quantitative terms. Critically evaluate existing knowledge and identify gaps in the literature that are to be filled

(maximum 10000 characters)

Rationale and preliminary data

Describe:

- the research rationale and hypothesis

- if and how your project is built on existing/preliminary data/literature/research project

(maximum 10000 characters, legends included; figures, tables and pictures must be clearly legible both in print and on computer monitors)

Methodology and workplan

1- Describe:

- i) planned actions (WPs and tasks), including activities with Advisory Boards, direct participation activities with citizens, and citizen awareness-raising and training events expected results
- ii) milestones and deliverables
- iii) role of the partners

2- Consider potential pitfalls and caveats, discussing possible difficulties and limitations of the proposed procedures, suggesting alternative approaches

3- Provide a tentative timetable (Gantt)

(maximum 25000 characters, legends included; figures, tables and pictures must be clearly legible both in print and on computer monitors)

Project Originality and Innovation

Describe what makes the proposal unique and original in terms of the solutions and techniques proposed and how local communities are involved

(maximum 5000 characters)

Partnership

Describe:

- the organizations involved and the competences
- the roles and added value
- rootedness in the territory

(maximum 7000 characters)

Project impact

Describe the expected impact in terms of:

- resilience, safety and well-being of local communities
- new policy and decision support system
- mutability of the solutions and strategies developed in other contexts and communities

Please, indicate the KPIs you intend to use to verify the achievement of the project results

(maximum 20000 characters)

Advisory Board

Describe the organizations involved in the Advisory Board and in which terms they represent an add value for the project

(maximum 10000 characters)

Research organization and facilities

Describe the research organization[s] participating to the project, primarily focusing on the research environment and the research facilities

(maximum 8000 characters)

Research team

Summarize the cv of each team member (permanent and temporary). Please fill the table below. Add as many tables as you need accordingly to the number of researchers in the team

Personal Data			
Surname	Name	Organization and Position	Date of birth
Education and training			
Please list all your degrees and academic qualifications (start with the most recent)			
Research and Professional experience			
Please list all positions you held since now detailing the main focus of the research activity (start with the most recent)			

Scientific publications and congress oral communications

Indicate the total number of publications and h-index. Please list a selection of the peer-reviewed publications more relevant to the project (maximum 5 indexed publications).

Grants

Please list grants you have been awarded since now as PI specifying: duration, amount, devoted time, funding agency, whether the funding is still running and if it overlaps with the current proposal

Role in the project

Please specify the resource's commitment

Bibliography

Please list here all the articles cited in the project. For each publication indicate: authors, title, journal, volume, issue, pages and year of publication. If the document is available online, please provide the link.

(maximum 30 references)
