

- Fill in the project sections according to the maximum number of characters allowed (when indicated) - spaces included - and **do not delete any box**
- Save the project as: **CODE\_PROJECT FORM\_Surname** (e.g. 2023-xxxx\_PROJECT FORM\_Rossi)
- Upload as PDF file

## Supporting young Italian talents in the European Research Council competitions - 2023 Project Form

### Research Organization

### Project Title

### Researcher to be supported

Please indicate name, surname, date of birth and a brief CV of the researcher for whom the intervention is intended. CV shall clearly detail the PhD (or equivalent degree) thesis defence date, the most relevant publications and the most significant attendances in scientific conferences. Please, do not paste pages from other documents but summarize the requested information.

### Title of the project previously submitted to ERC and final panel score

Please indicate the final panel score as detailed in the step 2 evaluation report released by ERC. The full evaluation report shall be uploaded as a separate file at the section "Allegati" of the platform.

### Primary evaluation panel

It is possible to also specify the secondary evaluation panel.

(e.g.: LS1, SH2, PE3 or LS1\_2, SH2\_3, PE3\_4)

ERC call to which the researcher plans to resubmit the project (Starting, Consolidator or Advanced), also providing the year; identify at most 2 options.

### Empowerment of the researcher

Please summarize the criticisms highlighted by ERC panel and reviewers and describe the actions planned to strengthen the researcher for the future ERC application (include in this section internships or missions aimed at improving networking and/or expertise; invitation letters are welcome and shall be uploaded as separate files at the section "Allegati" of the platform.

(max 5.000 characters)

### Empowerment of the research project

Please summarize the criticisms highlighted by ERC panel and reviewers and describe the actions planned to strengthen the research project for the future ERC application.
