Project Title

Principal Investigator (name, surname, organization and role within your organization)

Abstract

(maximum 5000 characters)

Please specify here if your project is a resubmission of an application submitted 2019 edition of the Call "Science and Technology Studies"?

- yes
 no

If yes, please summarize here how your new proposal addresses reviewers' comments

1. DESCRIPTION AND STRATEGIC APPROACH/STRATEGY

1.1. Objective

Indicate the RESEARCH QUESTION[s].

Describe both the overall **and** specific objective[s] of the project.

Please note objective[s] should be clear, measurable and achievable within the duration of this project.

(maximum 10000 characters excluding figures, tables and pictures)

1.2 Relation to the call

Explore how the project addresses the challenge and scope of this Call.

(maximum 10000 characters)

1.3 Concept

Explain the overall concept underpinning the project describing the positioning of the project in the academic debate, the main ideas, models and assumptions involved.

(maximum 10000 characters)

1.4 Methodology

Explain the overall methodology first, and in a second stage the specific method[s] used to answer your research question[s].

(maximum 10000 characters)

1.5 Ambition

Describe the originality of your research and the advance your proposal would generate beyond the state of art.

(maximum 10000 characters)

2. IMPACT

Describe the impact of your proposal on the relationship between science, technology and society in Italy. Please indicate how you intend to measure it.

(maximum 10000 characters)

3. TEAM AND ORGANIZATION

3.1 Work packages (WPs) and deliverables

Please provide a short description of:

- The whole structure of the workplan

(maximum 10000 characters)

- A description of each WP (use the table below)

WORK PACKAGE NAME and NUMBER	
WORK PACKAGE PARTICIPANTS (organizations)	
START MONTH and END MONTH	
OBJECTIVE	
DESCRIPTION	
EXPECTED RESULTS	
DELIVERABLES	
RELATION with THE OTHER WP[S]	

3.2 Research organization and lab facilities

Describe the research organization as a whole.

How it matches the call?

How each member complements each other?

How each member is necessary to the proposal?

(maximum 10000 characters)

3.3 Research Team

For each member of the research team (permanent and temporary) including PIs provide here a short CV indicating all the relevant information in relation to the call (**include a maximum of 10 publication per each CV and do not exceed 1 page per each CV**). Indicate here also the role in the project and the involvement of the members of the team per each WP in terms of Person Month (PM).

3.4 Young researcher

Describe actions aimed to involve, train and enhance young researchers and their careers.

3.5 Personnel to be recruited and consultants

If you intend to recruit new personnel or require consultants, please provide adequate information below.

4. BIBLIOGRAPHY

List all the articles cited.

For each publication indicate: authors, title, journal, volume, issue, pages and year of publication. If available online, provide the link.

(maximum 50 publications)

Please note that together with the budget form this is the only document that the reviewers will receive therefore please indicate below any other document or information you wish to send the reviewers (e.g. information that means to clarify the budget or Letter of support you desire to make available to reviewers)
